

# Miracle Medicine

Name: \_\_\_\_\_

*Instructions:* Follow the steps below to create a new medicine for curing a common illness or a serious disease.

1. Decide what illness or disease you would like to cure. Record it on the line: \_\_\_\_\_.
2. Tell how the medicine is given to the patient (shot, liquid, pill, or another method): \_\_\_\_\_  
\_\_\_\_\_.
3. Give your Miracle Medicine a name: \_\_\_\_\_  
\_\_\_\_\_.
4. Write a short commercial (three to five sentences) explaining how your Miracle Medicine will improve the lives of those people who need it. Be sure to mention what the potential side effects might be of taking too much of your Miracle Medicine (for example, hives, vomiting, dizziness, and so on):  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_.
5. Present your commercial to your class.
